TONOPAH, NEVADA, TUESDAY EVENING, JULY 18, 1922

PRICE TEN CENTS

## TENT COLONY AT WELLSBURG, W. VA., DISPERSED Harding Orders Coal Operators to Resume Work in Mines

### GOVERNORS OF STATES ASKED TO CO-OPERATE

All Bituminous Mines Must Start Work According to Telegrams from President

### STATES EXPECTED GIVE HELP

Probable that Federal Troops Will Be Pressed Into Service at Early Date

WASHINGTON, July 18.—President Harding late today will send simultaneous telegrams directing operators of all bituminous mines shut down because of the strike, to resume operation at once, requesting the governors of those states in which the mines operate to furnish such military protection as may be needed and if state troops find it impossible to cope with the situation, federal troops. It was understood, may eventually be employed.

### JEWEL JAG OF EUROPE SEEMS NEARLY OVER

Paris Trade Forsees Passing of Crisis That Resulted in Dumping Valuables

PARIS, July 18.—(Associated Press by Mail.)—Europe's four year "jewel jag" is about over, and the Paris trade foresees the passing of the crisis in the trade that resulted from the dumping of about a billion francs worth of stolen, confiscated and smuggled jewels on the Paris market. Leonard Rosenthal, the jewel expert employed to value the Hapsburg treasure, says the collapse in the precious stone market was prevented only by the war's creation of enough profiteers to absorb the oversupply.

This flood of jewels, he says, came in three waves. The first was brought by fleeing Russian aristocrats who smuggled out family treasures in their hair or sewn in the linings of their clothing. Sometimes valuable stones were swallowed to be recovered by the use of emetics, and were even embedded in the flesh. One Russian prince sold for 3,500,000 francs a group of emeralds his ancestors bought two centuries ago for 480,000. One of the czar's emeralds was sold in Paris for 32 times its cost. A Russian duke congratulated upon selling his jewels for 10,000,000 replied: "How can I live on 500,000 francs a year?" His pre-war expenditures in Petrograd varied between 12,000,000 and 15,000,000 francs yearly.

The second wave consisted of jewels valued at 300,000,000 to 400,000,000 confiscated by the soviets. The third wave was the dispersion of the collections of king and knighthood, princes and dukes of Germany and Austria-Hungary. The Hapsburg court furnished the treasure of 10 centuries and for this Emperor Charles' agents asked 50,000,000 francs, but took between 25,000,000 and 30,000,000.

### JOHNSON TO OPEN SENATORIAL CONTEST

WASHINGTON, July 18.—Announcement of his departure next Friday for California to open his primary election campaign, was made today by Senator Hiram Johnson, who said the disposal of California items in the pending tariff bill made it possible for him to leave Washington.

### GREAT BEND SHOWING CLASS AS A PRODUCER

Lessees on Seven Hundred Level are Saving Ore in Quantity of Good Grade

Barney Thomas, Fred Fuller and Vic Maroni, lessees on the Great Bend, are saving ore in quantity 700 feet each of the shaft on the 236-foot level. They are working farther down on the rake of the ore body and near an old stope from which a production of 296,000 was made and there is considered to be a good chance for them to make a "clean up," as some of the ore is of exceedingly high grade and may lead into a big shoot, says the Tribune.

They are working at three places together above the main drift on the 236 and at each place there is fair to high grade ore, all material from which a good profit can be made. They have shipped three carloads of ore, the first averaging \$27, the second, \$60, and the third, \$34. A fourth carload is broken and is being hoisted.

When they started work, the drift east on the 236 was badly caved and in some places was nearly closed. The drift has now been entirely repaired and for the first time since the lessees started work in this part of the mine they all can devote their efforts to prospecting and to breaking ore. They have worked hard in a tedious, time consuming undertaking and it is considered as very probable that their reward will be a rich one, although the ore bodies in the Great Bend are erratic in size and value. They are in an entirely unexplored territory in which there probably is much rich ore.

### POLISH STUDENT TO STUDY IN AMERICA

WARSAW, June 23.—(Associated Press by Mail.)—Six medical students from Polish universities have been selected to go to America to finish their studies preparatory to entering the new institute of hygiene recently established here by the Rockefeller Foundation.

Professor Salskar Gunn, representing the Rockefeller interest, has made the final choice of the students after a competitive examination organized by the Polish ministry of health. An endowment of \$250,000 has been given for the establishment of the institute by the Rockefeller Foundation.

### SUB DEUTSCHLAND IS SOLD TO BRITISHERS

LIVERPOOL, July 1.—(Associated Press by Mail.)—The former German super-submarine Deutschland has been sold at Klock's saleroom, Liverpool, for 200 pounds to Messrs. Robert Smith & Sons, Birkenhead. She will be dismantled and sold as scrap.

The Deutschland ran the blockade during the war and made two commercial voyages to the United States.

CASHIER INDICTED.  
SAN FRANCISCO, July 18.—H. B. Ramsey, former cashier of the First National bank of Willets, indicted a week ago by the federal grand jury at Sacramento on the charge of embezzling \$19,000 of the bank's funds, has been arrested at Pines, Tex., the authorities here were notified.

### RICHEST LADY ENGLAND TAKES WEALTHY SCION

God-Daughter of King George Is Married to Lois Mountbatten in London

### PRINCE OF WALES BEST MAN

Ceremony Was Performed in Presence of Noted Gathering of Royalty

LONDON, July 18.—The wedding, second only in interest to the nuptials of Princess Mary and Viscount Lascelles, took place this afternoon, in St. Margaret's, Westminster, when England's richest heiress, Miss Edwina Ashley, granddaughter of Sir Ernest Cassella, god-daughter of King Edward VII, married the scion of European royalty, Lord Louis Mountbatten. The groom is a grandson of the late Queen Victoria, cousin of King George and closest friend and companion of the Prince of Wales, who was best man at today's ceremony.

### FANATIC FASTS 64 DAYS DOWN IN KENTUCKY

William Rice is Speechless and in Weakened Condition and Death Soon Expected

STANTON, Ky., July 18.—William Rice of Neda, is speechless and in a very weakened condition on the 64th day of his voluntary fast and physicians who examined Rice do not expect him to live much longer if he continues to refuse sustenance. By his bedside are a Bible, a cross, a fan, a trumpet and the likeness of Christ. Rice has a wife and two daughters, both married.

### TEN ARE INDICTED CHARGES OF FRAUD

WASHINGTON, July 18.—An indictment against ten persons, charging conspiracy to defraud the United States out of over \$4,000,000 in connection with the disposition of government lumber following the war was returned today by a special federal grand jury.

### FOOTBALL ATTRACTS ATTENTION ON COAST

PORTLAND, July 18.—Football enthusiasts of the Multnomah Amateur Athletic club of Portland already are predicting another coast club championship for the organization's eleven this year.

On paper the club has a strong team and if Coach Ted Faulk, former university of Washington star, can get the men out and whip a team into shape, the paper strength should be converted into real strength.

Prospective Winged M players include Bill Steers, "Brandy" Brandenburg and Billy Reinhart, former University of Oregon stars, Bob Pelouze, ex-Stanford back; Bob Stewart, one time Oregon Aggie player, the two Jacobber brothers who starred for Oregon, and Clipper Smith, who played on the Notre Dame eleven. The 1922 Multnomah schedule follows:  
Oct. 14, Oregon at Eugene.  
Oct. 21, Gonzaga at Portland.  
Nov. 4, Oregon Aggies at Portland.  
Nov. 11, San Francisco Olympic club at Portland.  
Nov. 18, Ninth Army Corps at Portland.  
Several out-of-town games probably will be played to round out the season's schedule.

### SIOUX CITY MAYOR ORDERS TRAIN AHEAD

SIOUX CITY, Ia., July 18.—The Chicago, St. Paul, Minneapolis & Omaha line passenger train, due here from Minneapolis, at 8:50 a. m., bearing non-union shopmen, was stopped by Mayor Short and Public Safety Commissioner Taggart, and a squad of policemen ordered to proceed to the station without stopping at the Omaha shops to unload them.

The mayor said he took the action because he feared to allow the men to enter the shops, several hundred striking shopmen having congregated in the shops district, apparently waiting their arrival. There was no violence however. The nonunion men were taken to strike headquarters.

### TWO ASSASSINS SHOOT SELVES, POLICE NEARBY

Murderers of Foreign Minister Rathenau of Germany Fear Penalty to Follow

BERLIN, July 18.—Merman Fischer and Edwin Kern, who in former days had been pursued by the German police as assassins of foreign minister Rathenau, committed suicide, according to a dispatch from Halle.

The two men shot themselves, the dispatch said, as they were about to be captured in Turret Sankel Castle, near Bad Koesen, where they had been traced by the police.

### O. H. SMITH IS CANDIDATE FOR CONSTABLESHIP

Chief of Police Who Has Made Good Files Declaration for Office as Republican

With this issue of the Bonanza begins the formal announcement of O. H. Smith's candidacy for the office of constable of Tonopah township, subject to the will of the republican voters at the primary election to be held on September 5th, next.

Mr. Smith's record as constable and chief of police to which offices he was appointed by the board of county commissioners last March is one that is known favorably to every citizen in this community, and needs no detail recital at this time. His experience as an officer of the law for something over eight years in this and other counties of southern Nevada preeminently fits him for the position and the service rendered to the community since his recent appointment is such that should merit the approval of all law-abiding citizens. Manifestly is this true since the well meaning, though unfounded opposition directed against his appointment last March has now dwindled to a mere handful and it must be recounted with much merited credit to this sterling public official, that he now numbers among his friends and staunch supporters many of those who took active part in this misguided opposition.

His success in all matters pertaining to the office of chief of police assures us a force of character that none but crooks and evil-doers can fail to approve. Alive at all times to the fullest and impartial enforcement of law and order, competent and willing to fulfill every duty incumbent upon him as an officer, the Bonanza believes that here we have the realization of our western ideals of a public officer who believes in no course of conduct except that which responds to the same tests for everybody, everywhere in the same way, which is only another way of saying "A square deal to everybody."

### TWO CONVICTED FOR MURDERING HENRY WILSON

Swift Justice Meted Out to Men Who Shot Noted English Field Marshal

### DEATH PENALTY IS IMPOSED

Just Twenty-Six Days After Murder Dunn and O'Sullivan Are Doomed to Die

LONDON, July 18.—Reginald Dunn and Joseph O'Sullivan were sentenced to death today for the murder of Field Marshal Sir Henry Hughes Wilson, who was shot in front of his home last month. They were convicted after a trial in Old Bailey.

Thus, 26 days from the date on which the noted soldier was murdered, the men who fired the fatal shots were convicted, and the death penalty imposed. This constitutes a record in England, where murder trials are completed more quickly than in most countries.

### BASEBALL FANS SPECULATE ON PRICE OF VALLA

Considered a Second Ty Cobb and Belief Expressed He Will Bring Great Sum

SAN FRANCISCO, July 18.—Baseball fans here already are wondering what the sale price will be when Gene Valla is sent up to the major leagues by the San Francisco Pacific Coast League baseball club, which broke all records this year when it sold two other players, Jimmy O'Connell and William Kamm, for \$175,000.

Valla, who is described by many as a second Ty Cobb, is bound to go up to the major leagues, his admirers say. He has been described as the baseball "find" of the year, and it is said he is progressing in the game faster than either Kamm or O'Connell progressed.

Speed is Valla's asset. He gets down to first base faster than most players and he has Cobb's trick of hitting high bounding balls that cannot be fielded successfully until he is roasting successfully on the bag. The San Francisco club is not looking for buyers for Valla yet, for it wants to keep him to strengthen the club next year when Kamm and O'Connell are gone.

### STANFORD STADIUM GREAT MONEY MAKER

STANFORD UNIVERSITY, July 17.—Profits from Stanford's big athletic stadium—the second largest in the country—are to be used in constructing a \$450,000 men's dormitory here.

Student officials say this will be the first time that money derived from college athletics will be used to finance a big non-athletic project.

The Stanford stadium, built last year at a cost of approximately \$210,000 has nearly paid for itself already. The annual "big game" between Stanford and the University of California was held in the stadium last year and will be held there again this season.

### PENNSYLVANIA ROAD AGREES WITH MEN

PHILADELPHIA, July 18.—The Pennsylvania railroad announced today a wage agreement had been negotiated between representatives of the shopmen still employed by the company and representatives of the management, affecting over 4000 men.

### PLENARY DELEGATES GRANT RUSS REQUEST

THE HAGUE, July 18.—At the plenary session of non-Russian delegates at The Hague conference, it was decided to grant the Russian request for a joint meeting on the distinct condition it would be only for the purpose of presenting new proposals.

### IRREGULARS TO GET RECEPTION NOT LIKEABLE

Talk in Dublin Centers Around Approaching Operations by Free Staters

DUBLIN, July 18.—Talk in Dublin today continued to center around the approaching operations on a big scale against the republican irregulars, but the free state commanders so far have successfully hidden their plans. Meanwhile, the national army troops continue to reap scattered successes, including prisoners captured during the recent fighting in Dublin. The nationals now hold approximately 1000 prisoners.

### NON-UNION WORKERS TAKE DENISON JOBS

DENISON, Tex., July 18.—Fifty non-union workers, under a heavy guard, arrived here today and were taken to the railroad shops district. There was no demonstration. Local officers of the Katy road announced the suspension of 14 passenger trains in Texas, effective last midnight.

### KID LEWIS WINNING MANY CHAMPIONSHIPS

LONDON, July 1.—(Associated Press by Mail.)—Kid Lewis, the welter and middle weight champion of Great Britain, must have learned much during his long stay in the United States, despite his reverses in it, last year there, for he has won all sorts of championships since returning home. His latest achievement was knocking out Frank Burns, the middle weight champion of Australia, making Lewis the title holder of the empire in that division.

Up until the 11th and last round of the bout Burns outpointed Lewis in the opinion of several boxing experts, but in that period the Kid made a clever feint and then crossed a smashing right to the jaw that landed the Australian on his back. Lewis was criticized for holding part of the way. Burns lost the championship, for which he had come all the way from Australia, but he took home a gold medal for rescuing a drowning man. One night at his training camp Burns jumped out of bed and into the Thames in the dark after the unfortunate man, and succeeded in bringing him ashore.

### SWARM OF BEES GO ON HOOTCH SPREE

LAS CRUCES, N. M., July 18.—Honey bees intoxicated by old-fashioned mead swarming in the helix of a mission style building here recently attracted a large gathering of citizens and a number of summer students from the New Mexico College of Agriculture. "How did they get that way?" was the query on most everyone's lips.

According to Francis E. Lester, on whose property the bees swarmed and who has a large acreage of grapes, the bees were not attracted to his place by the fruit. "Bees in search of a 'kick'" said Lester, "are not apt to fool around with unripe grapes."

Finally some of the scientific college men discovered that a hive of bees containing 30 pounds of honey had been knocked into a pool of water formed by leakage from an irrigation ditch. The honey and water fermented and analysis showed that the liquid contained more than 10 per cent alcohol. Honey and water fermented is called mead.

### STATE TROOPS ORDER EVERY RESIDENT OUT

Authorities Profess Ignorance Where the Families Have Since Taken Refuge

### PENNSYLVANIA TROOPS ACTIVE

Forty-Three Persons Have Been Arrested in Connection With Killings of Yesterday

WELLSBURG, W. Va., July 18.—Acting on orders from Sheriff Thom as Duval of Brooke county, whose father, Sheriff H. S. Duval, was killed, with three others in a battle between the authorities and a crowd of invaders at the Clifton mine of the Richland Coal company yesterday, Deputy Sheriff Caldwell has broken up and dispersed the tent colony of striking miners near the scene of the fight.

State troops from Pennsylvania made the rounds of the tents and notified men and women they must move out without delay. They lost no time in obeying orders, taking nothing but food with them. All threats professed ignorance where they had gone. Forty-three persons have been arrested in connection with the shooting of yesterday.

### MRS. PHILLIPS GETS MORE TIME TO PLEAD

LOS ANGELES, July 18.—Mrs. Clara Phillips, charged by an indictment with the murder of Mrs. Albert A. Phillips, was arraigned before Superior Judge Houser today. Attorney asked for time to plead and was granted until Thursday morning. Mrs. Phillips was entirely composed and her face did not express sadness.

A consummate actress, with an emotional complex of unusual intensity, a physiological student, is the opinion concerning Mrs. Phillips, expressed by those who have watched her since her arrest and return here. A woman of deep, cold, in steel control, a woman of passion, as evidenced in embraces with her husband, a woman of gracious courtesy, a woman of keen perception, a woman of optimism and a woman of humor, these are the holes in which she has been seen. She is a consummate actress in them all, each role of condition being complete in itself and shattering out all others when a particular condition predominates.

### RICE CROP SOLD

SACRAMENTO, July 18.—With the completion of today's sale expected to be 30,000 bags, the complete rice crop of 1921, together with the remaining crop of 1920, which in November totaled 250,000 bags, will be sold. It was announced here by Ralph P. Merritt, general manager of the Rice Growers Association of California.

### BUTLER THEATRE

—TODAY—  
PEARL WHITE  
—IN—  
"THE BROADWAY PEACOCK"

A story of the stage and New York's Great White Way.

Topics of the Day and Aesop's Fables.

Tomorrow, Buck Jones in "Pardon My Nerve" and a two-reel comedy, "Try and Get It."
